“Reliable Partner for your equipment needs”

## Company Profile:

Founded in 1984 by Mr. Ibrahim Ali Al Rashoodi, Alaa For Industry (AFI) is a leading industrial and engineering organization subsidiary headquartered in Dammam, Kingdom of Saudi Arabia. Our diversified activities include manufacturing of highly sophisticated industrial vacuum trucks (PowerVac, Blowvac, SuperVac) and special purpose trucks, Manufacturing Repair and Overhauling of hydraulic seals and cylinders, Industrial Solutions (Equipment, Chemicals for Oil & Gas, Bearings and Special tools), Transportation solutions, Equipment Sales and Rentals, Plant Maintenance, Turnaround and Contracting.

Since inception from our base in Dammam the company has grown steadily over the past four decades and now has facilities in 11 locations across four GCC countries. With a workforce exceeding 600 employees the core of our business philosophy is delivering high quality products and solutions to our customers, backed up by excellent after-sales service and technical support. For us the customer is always the priority. In particular, we pride ourselves on our inhouse capability to design and manufacture high quality technical products to serve the local market and being a key contributor to a strongly growing Saudi Arabian economy.
