

## LOADING LIFT TABLES

**GANDHI**  
Automations Pvt Ltd

India's **No.1** Entrance Automation & Loading Bay Equipment Company

# EUROPEAN COLLABORATION AND TECHNOLOGY WITH INNOVATIVE AND CREATIVE ENGINEERING FOR MORE THAN 25 YEARS

## A PARTNER WHO STANDS BY YOUR SIDE

### Quality & Safety - Our Priority

Loading Lift Tables are CE certified, manufactured in accordance with Standard(s) : EN 1570-1

Directive(s) : 2006/42/CE

Gandhi Automations design, develop, manufacture and execute its products strictly in accordance with the above mentioned EN standards.

You are assured with our best quality products, safe operation and after sales service 24/7.

### ORIGINAL SPARE PARTS

Guaranteed original spare parts availability for 10 years

Our tables comply with the European Safety of Machinery standards EN 292, Machinery Directive 2006/42/CE and Safety requirements for lift tables EN 1570.

All models include:

- Aluminium safety bar, stopping descent of the platform on contact with obstructions
- Safety clearance between scissors to prevent trapping during operation
- Safety check valve to stop the lift table lowering in the unlikely event of a hose break
- Protection against overloading
- Low voltage control box with up-down buttons and emergency stop
- Maintenance props (for safe maintenance operation)
- Removable lifting eyes to facilitate handling and lift table installation.

# Our Quality For Your Safety

Gandhi Automations Pvt Ltd is India's No.1 Entrance Automation & Loading Bay Equipment Company. Since 1996, we have been designing, manufacturing, exporting and installing products that are problem free, safe and easy to operate. This is achieved due to years of hard work, innovation, commitment to quality & reliable customer service.

Our comprehensive product portfolio consist of a range of solutions :

High Speed Industrial Doors, Dock Levelers & Dock Shelters, Rolling Shutters, Sectional Overhead Doors, Aircraft Hangar Doors & Shipyard Doors, Gates & Boom Barriers

## Head Office

Headquartered in Mumbai, the commercial capital of India, the company has expanded its manufacturing capacity, operations, geographical reach and customer base globally. Today our products are marketed by us and our distributors in more than 70 countries across the globe.

## Competent Advice

Proper customer guidance and service are our top priorities. Our well trained and experienced specialists are always at your disposal from the project planning stage to final building inspection. They help you choose a perfect product solution tailored to meet your requirements.

## Quality Management

The company caters to following certifications : ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018 by TÜV Austria. This has resulted in implementing continuous improvement towards personnel training, production, equipment calibration, machinery maintenance, logistics and customer relations.

# Single Scissor Lift Table for loading by forklift trucks

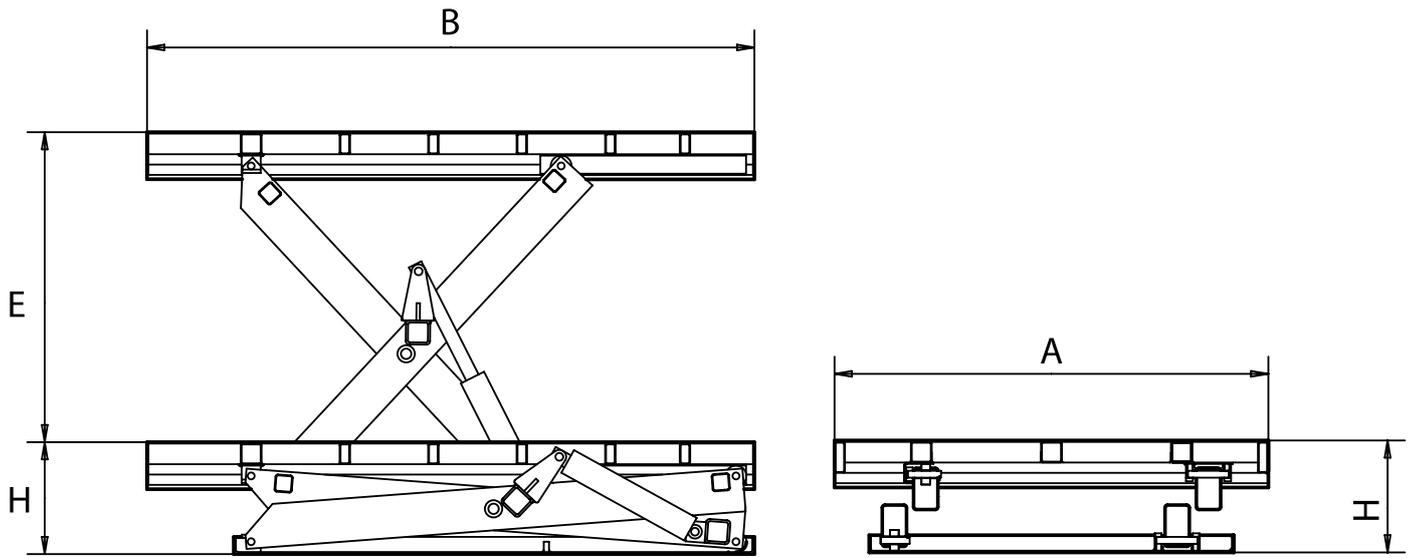

Used to load and unload vehicles by pedestrian or fork lift trucks without a loading dock and designed to operate with maximum safety for off-centred crossing loads;

Technical features:

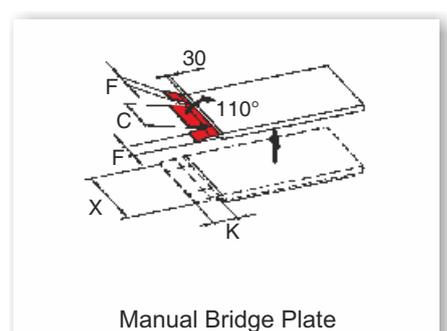

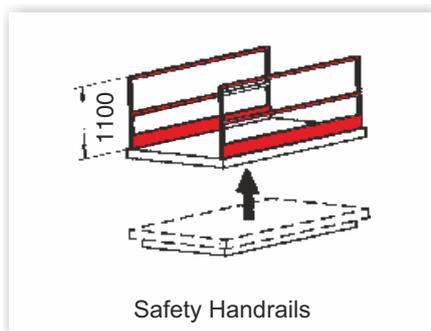

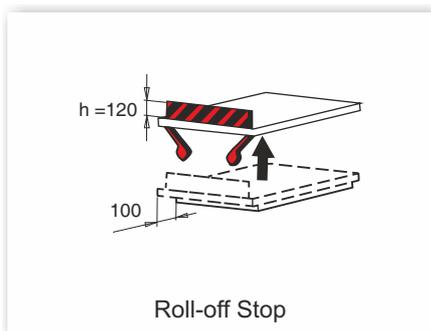

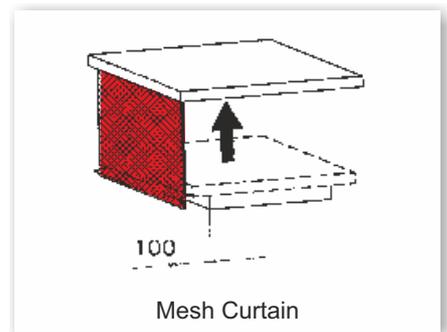

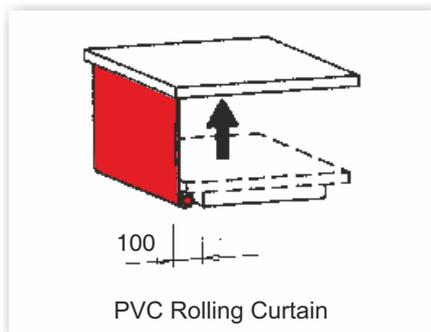

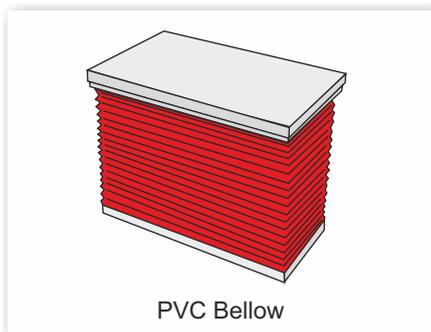

- Safety tread top platform surface
- Max. 15 cycles per hour, one shift a day (for more intense operations please consult with us)
- Single acting hydraulic cylinders with drainage
- Upper travel limit switch
- Check valve on each cylinder for higher stability
- Self lubricating bearings on pivot points
- Hydraulic power pack inside the table provided with relief valve against overloading and compensated flow valve for controlled lowering speed
- Electrical equipment controlled by electronic system, with low voltage transformer and thermal overload protection
- Wide range of options available such as wheel stops, goal post barriers, safety handrails, manual bridge plates etc to meet specific requirements
