

Healthcare storage, maximise capacity

Save up to 50 % space with mobile shelving

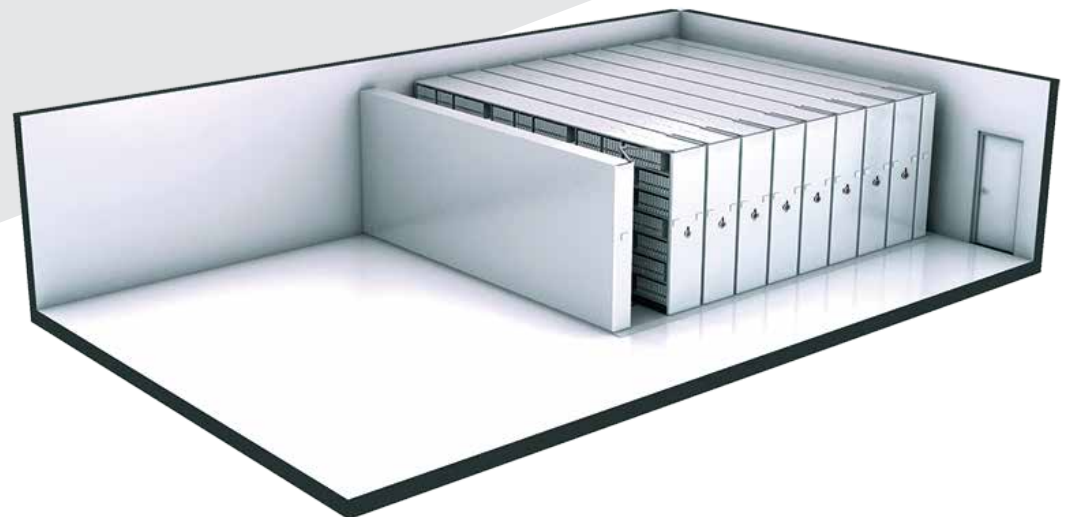

Static shelves

Our mobile shelving systems for the health care segment are applicable in several areas:

- Sterile storage
- Surgical storage
- Medical records
- Pharmacy
- Drug storage
- Laundry room
- Material storage
- Department storage
- Instruments and apparatus
- Warehouse storage

Up to 50%
more space

Mobile shelves

Electronic or manual

The mobile shelves are delivered with either a manually operated system or with our electronic user interface. It is possible to convert from a manual system to an electronically driven system.

Electronically driven system

Manually operated system

One supplier, several possibilities

To choose us as a supplier makes it easier for you. We deliver complete concepts when it comes to furnishing e.g. sterile centres. Here you see a selection of our efficient and smart storage solutions. We have extensive experience of delivering storage specially adapted for the hospital environment.

Mobile shelves, our best selling product for hospital environments with great opportunities to vary and tailor the interior for your needs. Below, with shelves and drawers in different sizes.

The 561-Cabinet, is a dust-resistant cabinet with hinged doors, either in steel or steel with safety glass panels. It has a 3 point lock in order to provide optimal safety.

- **Static shelves in stainless steel:** fits particularly well in sterile storage areas where hygiene requirements are high
- **Fire resistant cabinets:** for hazardous fluids
- **Cantilever shelves:** a good solution when you want quick access to stored items

Design as you like, according to your needs

Depending on your requirements, and which items are mainly to be stored, there are different options for the choice of interior design.

- Drawers for small items and drawers for upright items such as catheters
- Depending on the security level required there are different locking options available

Hooks and baskets

- Hooks for hanging articles
- Bespoke interior such as modular system with baskets

Colour and uprights

Choose between a variety of exciting colours and upright options.

Contact our sales team

With long experience and high competence, we are happy to advise and support throughout the project.
