Yale Independent Dealer Network

A DEDICATED PARTNER, WITH EXPERT SUPPORT AND SOLUTIONS

We know that dealer support is critical for uptime and productivity. That's why our dealers are intentionally independent. Their success depends on your success, so they're focused on understanding your business and are dedicated to providing the support and solutions you need. By partnering with a Yale dealer, you're not just getting a lift truck, you're getting a dedicated partner in your success.

Yale is responding to ever changing market conditions and demands; whilst emphasising its strengths in providing solutions for your specific needs.

Yale Robotic Lift Trucks

AUTOMATE YOUR WAY OUT OF THE LABOUR CRISIS

Robotic lift trucks can reliably automate a range of horizontal transportation, freeing up workers to tackle more fulfilling tasks and reducing the risk of damage. With hundreds of commercial deployments and comprehensive service for robotic lift trucks provided by Yale® dealers, our team has the proven technology and expertise to help you automate confidently.

Working in unison, sophisticated Yale robotics solutions are ready to be deployed in appropriate applications, working in harmony with humans to drive productivity.

Yale Vision Telemetry

GET A CLEARER VIEW INTO YOUR OPERATION

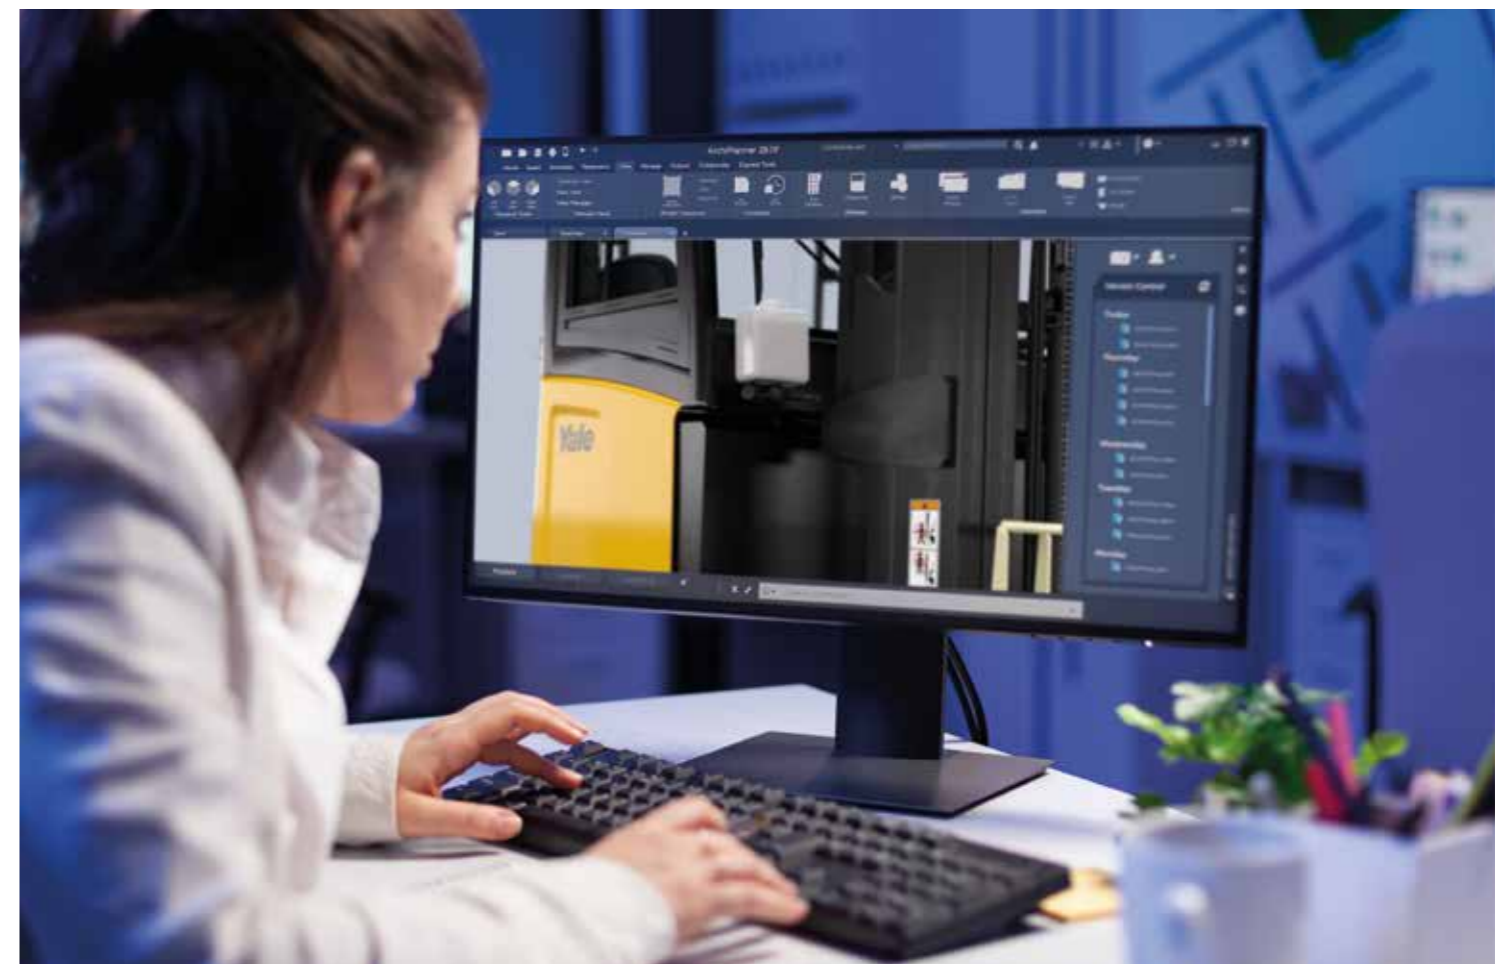

Yale Vision collects lift truck data in real time for a thorough look into your fleet's day-to-day operations. It provides insights and controls to help you improve operator behavior, control access to equipment, and monitor equipment and operator utilisation.

The free Yale Vision mobile app offers a new level of data-driven productivity at your fingertips.

Yale Product Design

CUSTOMER FOCUSED SMART DESIGN PHILOSOPHY

At Yale, our product design is focused on you - translating your challenges into problem-solving equipment. Our smart design philosophy is about putting the customer first. By understanding your needs and challenges, we're able build products that truly meet your demands. We engineer lift trucks to deliver advantages in productivity, energy efficiency and total cost of ownership.

At Yale, we are often acknowledged for not only our high-quality design considerations and top-notch service, but also our manufacturing and training efforts.

About Yale[®]

Yale Materials Handling Corporation is one of the oldest manufacturers of lift trucks in the world. We've been in the business of lifting since 1875 and we apply that experience to help customers solve materials handling challenges. Our full line of lift trucks range in capacity from 1 to 16 tonne and are powered by internal combustion engines or electric options. Yale also offers robotic solutions, telemetry, fleet management, parts, financing and training. From traditional lift truck equipment to emerging technologies, our goal, every day, is to work with our nationwide dealer network to continually improve and provide the solutions you need, when and how you need them.
